David Spencer

(Roseworthy Diploma in Agriculture – 1970)

(Roseworthy Diploma in Agricultural Technology - 1971)

David Spencer served on the ROCA Committee for a total of eight years in two stages. The initial two-year stage from 1972/1973 and 1973/1974 was as a representative of newly graduated students.

The second stage of David's ROCA Committee membership from the 2009/2010 to 2015/2016 period included two terms as President.

As David Spencer had a vital personal interest in the history behind Roseworthy Agricultural College and ROCA, he worked tirelessly as part of the Roseworthy Archive Team that operated from buildings located at the University's North Terrace Campus.

He scanned and digitised many historic Roseworthy Agricultural College documents and photographs, ensuring they were then made publicly available online by the University Archives.

David Spencer also put considerable effort into producing digital audio recordings of Old Collegians' reminiscences, then posting the audio and written transcripts online.
