Fulton Fund.

The secretary advised that the College would approach the Association regarding the application of the David Fulton Memorial Pavilion Fund. The College Swimming Club had insufficient funds to erect a Pavilion, and had reconsidered the possible utility of such a building, and decided that this Fund could be spent to better advantage. Permission was sought to apply this Fund to the boarding, and filling of the ends of the Pool out to the turning boards, as a continuation of the work already done at the southern side. The purpose of the Fund to be served by the erection of a cairn with an inscribed tablet naming the Pool the David Fulton Swimming Pool.

After discussion it was decided that the President should approach Col. Fulton for his views on this matter, prior to the next meeting.

It was suggested that if this scheme were approved the tablet should only be inscribed to the Memory etc., as it was pointed out that D. Fulton Snr was only responsible for extensive improvements at the Pool which had been in use for many

years prior to that time. Final approval would have to come from a General Meeting and the College to be advised to this end.
