Labour Day, Picnicking and Sports Day (10th Oct.).

Dr. McCulloch reported that the day could be organised again this year.

Decided that the programme follow that of previous years i.e., a tour of inspection in the morning with sports matches in the afternoon. If numbers permitted teams would be fielded in cricket, tennis golf and rifles.

A sub-committee comprising Messrs. C. Hooper, H. Stephen and ^{J. J. Norton} ~~W. H. Ross~~ was elected to make arrangements.

Mr. Hooper reported that he had received from Mr. Wilson some original rules and regulations, test books exam papers and results. These were in reasonable order and he suggested that they could be mounted and placed in the library.

Dr. McCulloch suggested that as student interest would not be great it might be better to store them. It was left to Dr. McCulloch & Mr. Hooper to consider the matter.

Because of the practice of some businesses not issuing receipts and the consequent difficulty of keeping records Mr. Stephen suggested that a Savings Bank cheque account be opened and that all accounts be paid by cheque.

A motion to this effect was proposed by Mr. Roe, & seconded by Mr. Gilchrist. Carried.

Mr. J. Martin (President) thanked the committee for the assistance given him during the year and the Principal for his invitation to Speech Day at the College.

Meeting closed 10.15 P.M.
